COTTON RATES ANNOUNCED FOR CROP INSURANCE

COLLEGE STATION—Crop insurance which will guarantee insured wheat growers three-fourths of an average wheat crop in 1939 will cost farmers of Jones County an average of 1.2 bushels per acre, according to figures announced at the state wheat meeting recently held at Amarillo. For insurance that guarantees one-half of an average crop, the rate will average .5 bushels per acre in Jones County.

The county rates reflect the average per acre loss in this county during the 10 years, 1926-36. The premium that an individual wheat grower will have to pay for insurance will depend half on this county rate and half upon the crop losses on his own farm. The rates for each farm will be computed in the branch office of the Federal Crop Insurance Corporation.

The cost of insurance is not based on the average amount of yield, but on the year to year variations in yield. "Two farmers with the same average yield for the 10 year period would not necessarily pay the same premium for the same percentage," E. N. Holmgreen, administrative officer of the Texas AAA office at Texas A. & M. College, who attended the meeting, pointed out. The farmer who suffered but little crop loss would pay less than the farmer who suffered frequent and heavy losses, even though their average yields were the same."

The figures farmers need for calculating their insurance will be available for farms which took part in wheat adjustment programs in the office of the county agricultural agent and the county committee, about which the county crop insurance program will center. Farms on which figures are not available will be appraised.

The premium a farmer pays covers only the actual cost of the insurance. Administration costs and costs for storage of insurance reserved will be paid by the corporation.

FINAL DATE FOR SIGNING FARMS AND RANCHES UNDER 1938 PROGRAM

May 15th, 1938 is hereby approved as the final date for filing work sheets, Form SR-101, in county offices in order to make farms covered by such work sheets eligible to be covered by applications for payment under the 1938 Agricultural Conservation payment. May 15, is also approved as the final date for filing Forms SR-151, 'Application for Determination of Grazing Capacity,' in order to make the ranches covered by such form No. 151 eligible to be covered by application

for payment under the 1938 Range Conservation Program.

According to Dr. William Dickison of the Grasshopper Control Program for this district, who was in Jones County this week, approximately 100 per cent of the grasshopper eggs have hatched in this county, which is about 50 per cent increase over the last survey made April 15th.

Dickison says that farmers who have out-breaks of grasshoppers on their farms should get their poison immediately, in order to stop the hoppers before they migrate to the cultivated fields.

The mixing stations for this poison were opened on April 28th, at Anson, Hamlin and Stamford, under the supervision of the local Chamber of Commerce.

Grasshopper poison may be received on Monday and Tuesday of each week, at Anson, until infestation and demand is greater, according to Douglas Triplett, Secretary of the Anson Chamber of Commerce.

According to Jack Shelton, Vice Director and State Agent of Extension Service of A. & M. College, a meeting in regard to wheat insurance program will be held at Seymour on May 18th, at 10 a. m.

DISTRICT ATTORNEY SUBMITS RECORD

District Attorney OTIS MILLER

To the Citizens of Taylor, Jones and Fisher Counties:

In announcing formally my candidacy for District Attorney of Taylor, Jones, and Fisher Counties, I want to first thank the good citizens of these three counties for their splendid support in the past. I am grateful, too, to the capable peace officers of the district for their hearty co-operation with me in my effort to perform the duties of the office of District Attorney.

During the three years I have served as your District Attorney, I have followed one guiding principle, namely, that all law on the statute books should be enforced; that all violations should be carefully investigated, and where the evidence warrants, vigorously prosecuted; and that such a policy strictly adhered to will result eventually in a more wholesome respect for and obedience to all laws.

Our criminal laws and the rules by which they are enforced have this one object—to deter crime and reform the criminal. The only way to deter crime is to forcefully let the would-be-criminal know that he is going to be apprehended, tried and punished. The only way to reform the criminal who has already committed a crime is to make him feel the teeth of the law to such an extent that he will not want to again violate the law.

This has been my policy in the past. This will continue to be my policy and platform as long as the good citizenship of Taylor, Jones and Fisher counties permit me to serve as District Attorney.

The law is a sacred thing. Property and the right to hold property in peace and security is a sacred thing. The right to rear a family in a community where moral decency and order are maintained is a sacred thing. Human life and the right to live in peace and safety is a more sacred thing. I believe in all these propositions. I believe in them to the extent that, both as private citizen and public defender and prosecutor, I have heretofore and will in the future fight for them as my rights and the right of every good and law abiding citizen against every person who willfully and unlawfully violates such rights.

I am serving my fourth year as your District Attorney, and this present race will be the fourth campaign I have had to make to hold the office. It costs about \$800.00 to make the race in the district. I had hoped to be given one term at least without opposition, in view of the record I had made of winning ninety-six percent of all cases I have tried. No one will dispute the fact that crime has decreased in the 104th judicial district since I have been district attorney. By getting out and working up the evidence, I have been able, with the hearty assistance of peace officers in this work, to obtain pleas of guilty in possibly 75 percent of all cases tried. This has resulted in a saving of thousands of dollars in jury costs to the tax-payer.

In the three years I have served as your District Attorney, I have come to know the jurors and Grand Jurors of the district, the witnesses, the good and bad citizens, the tricks of criminal lawyers, and the majority of the resident law violators so that I feel that I am better qualified than ever before to efficiently

MANAGER OF WEST TEXAS C. OF C. VISITS HAMLIN:

—The program at the Rotary Club this Wednesday was a Chamber of Commerce program. The program committee, invited Mr. D. A. Bandeen from Abilene to make the principal address. On the program was Hamlin's "My Home Town" speaker, Miss Juanita Harbert, who represented Hamlin in the contest at the Convention in Wichita Falls. Miss Harbert brought a very interesting talk on how the convention impressed her. Mr. Bandeen's subject was the development of West Texas the past 50 years, and its possibilities for the next 50 years. After the meeting Mr. Bandeen together with Tate May and W. E. Benson, visited the Texas Cement Plaster Co. plant, where Manager, W. R. Calhoun took delight in showing us through their entire plant. We next visited the 15 Cotton Warehouses, where there is stored more than 50,000 bales of Government Cotton, we also visited

serve the people in this office.

I am a graduate of Stamford High School, Stamford College and the University of Texas, holding three degrees, including a law degree from the University of Texas; former county attorney and county judge of Jones county; taught school in Baylor University, Waco, for two years; taught school in University of Wisconsin, Madison, for two years; a former President of the county judges and county commissioners association of Texas; carried on a statewide campaign that resulted in a special session of the legislature and the assumption of county road bonds, saving the taxpayers thousands of dollars in taxes for the forty year life of the bonds; Ex-Service man; married and have a family.

I will appreciate every good citizen in Taylor, Jones and Fisher counties taking this public announcement as a personal expression of my gratefulness to you for not only your support in the past but also in this campaign. I have another term of Court in Fisher county and a term of Court in Taylor county before I will be free to personally present my candidacy to you. In the meantime I will appreciate any good word my friends may care to say in my behalf.

Sincerely Yours,
OTIS MILLER.

the Hamlin Hatchery, which is the largest in the State. Mr. Bandeen was well impressed with these visits and said, you certainly have gotten something here.

MEETING AT STAMFORD THIS FRIDAY NIGHT:—Representatives from Hamlin, Stamford, Haskel, Munday, Albany and Anson are to meet this Friday night at the Chamber of Commerce Office in Stamford to get more thoroughly organized on the best way to handle all solicitors, who make our various towns. They have learned that Hamlin is now handling this problem in a very effective way. Up to now, the committee who handles this problems has easily saved the merchant more than \$250.00.

FOUR PAGES OF ADVERTISING

You will observe that this week's Herald carries four full pages for the Strauss Dry Goods Company. . . . this was a huge job in two days time. 6000 runs on the big Scott Press to meet the out-going mail was what it meant.

This sale offer is one of the best "Trade Expansion" means. It means something to everyone who has a business in Hamlin. First your local printing establishment, and not a store but has some advantage, even the blacksmith shops, the beauty parlors . . . everything. When people see where they can buy and can save, it means that while "in town" lets go to the picture show, buy some paint or wall paper, have a plow sharpened, get some of those good groceries where pennies are saved, or may, be have that car filled with some oil and gas . . . a sale is for the whole town when when it is "done in town." Big cities grow because of SALES . . . people want to be sold on their own town or sell themselves to some other town. Read what Mr. Arthur G. Deakins, for the Strauss Store says is one of the best sales sheets he has been able to get in a small town.

Charlie Bryson went down to Cross Plains Wednesday to visit his mother, who is reaching a fair age—only 75 years—while away Mr. Bryson will attend to business in Runnels, Callahan and Eastland Counties. Now about age—Charlie is not as old as he looks—and he acts younger than he looks—so there is some consolation that there is nothing in "looks"—Mr. Bryson says his mother looks as young as "50."

SECRETARY MISSED

This week the Herald has been operating without its Secretary who for several years has taken the responsibility of gathering social news, contacting visitors in and out of Hamlin, answering the telephone, warding off book agents, turning down solicitors, and "poets," while Ye Editor worked in the production end of the shop... yes the Secretary is missed but maybe our readers and the force will live over it as she will be on the job again, beginning with Saturday or perhaps Monday. The best secretary an editor can have is his wife—who takes a lot of the shock off her husbands shoulders.

Somehow we have gotten along although this week has been the biggest printing week since early in the year or last fall. If the news part of the Herald is scant this week, remember there are two causes—absence of our secretary, wife, and the fact that some weeks, news is scarce. Just look over the ads this week, there is plenty opportunity to save a lot of money the next few days.

OMITTED THIS WEEK

This week, Ye Editor has observed that the author of "Points and Personalities" has been too busy teaching, arranging for school closing, making preparations for a post-school trip with the Juniors, making out menus for the home in the absence of her mother, entertaining and a dozen or more other things.

... to gather any points or reveal any personalities. No, no, no, she is not quitting, she just has not had time for her "side-line." Such things will happen in newspaper life, but maybe in a few weeks "points and personalities" will expand to more than a mere column and this one community... "points and personalities" are just for entertainment... and entertainment can wait for more important things.

GRADUATION INVITATIONS

This week the Herald has been receiving many invitations from our young friends in and out of Hamlin. From a distance comes one from the Bryan High School. Miss McCain is a Hamlin girl and her friends here are glad she is completing her high school work this year.

Hamlin Seniors have been having a good time sending out invitations and exchanging cards as their school days draw to a close.

The Senior class had a wonderful outing the past week-end in their trip to the great Caverns near Carlsbad. They spent three nights on the trip, going as far as Roswell and returning by Pecos.

Full information about the closing programs will be given in due time. All teachers and students are very busy rounding up this years work.

STONEWALL COUNTY'S 50TH ANNIVERSARY JUBILEE IS SCHEDULED FOR JUNE 23-24-25

These spacious grounds offer free camping space for those who desire it, as well as being advantageously located for those who wish fishing and boat riding.

Highlighting the program of entertainment will be first class rodeo performances each day, carnivals, dances, free-barbecue, etc. Other phases of entertainment will be worked out as the plans advance.

One special phase of the celebration will be the home-coming of all Stonewallites and especially of old timers. These will be shown every special consideration possible. These old-timers will be furnished with badges to entitle them to special privileges throughout the Jubilee.

The grounds will be policed at all times so that those camping out will have as enjoyable a stay as possible.

Governor Allred Declares Texas Bread Week

GOVERNOR JAMES V. ALLRED by special proclamation calls upon the citizens of Texas to observe the week of May 9th as TEXAS BREAD WEEK by serving bread, toast, sweet rolls, cake, and other baked wheat foods. The Governor points out that this program is important to the agricultural and industrial welfare of Texas because the increased consumption of bakery products increases the consumption of wheat, flour, milk, butter and cottonseed-oil products. These products are all important to the prosperity of Texas agriculture. Farmers, millers, bakers and grocers are cooperating to put the proclamation into effect.

Governor Allred is shown signing the proclamation. Standing back of the governor in the picture are, left to right: Granville W. Moore, Assistant Chairman, Texas Bread Week Campaign; Jake Golman, Director, Texas Bakers Association; Ed Goodman, Chairman, Allied Division; Dr. W. T. Cox, State Director of Public Health.

SCHUBERT MUSIC CLUB ENTERTAINED WITH SILVER TEA

One of the most outstanding social events of the past week was the silver tea given by the Schubert Music Club, Friday afternoon at 4:30 o'clock at the Methodist Church. Guests were welcomed by Mrs. J. E. Moody and presented to a receiving line composed of Mes. Joe McCrary, W. C. Russell, L. H. McBride, Bill Rountree, Turner Bynum and Miss Edwina Gilbert. Mes. Mart Farrow and Willard Maberry presided at the register, and other club members assisted in receiving and seating the guests.

The club colors of pink and green predominated in decorations, with beautiful hydrangeas and other spring blossoms forming the floral setting.

Mrs. Joe McCrary, club president, extended welcome and introduced Mr. and Mrs. Tex Moore, of Wichita Falls, who were named honor guests. Mr. Moore, Texas' official artist, had favored the club by permitting a number of his paintings to be displayed in the church reception room, each of which was enjoyed and admired by the 200 guests present.

Miss Edwina Gilbert, director of the program, introduced the guest artist, Miss Ora Fay Hefley, violinist, and her accompanist, Miss Alice Bentley, of Abilene. The following program was rendered with Mrs. W. C. Russell accompanist for the numbers given by the club members.

PAIN

Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

He makes mere "oil-changers"
take a back seat . . . because

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

Do you need any reminder of what oil you bought? Not if it delivers smooth long mileage that you can't forget! Then here's the real big value of the little drain tag you get from Your Mileage Merchant: he marks it with your mileage today as you change to his patented

Conoco Germ Processed oil, and then you can keep tabs on how far you go before you ever need another quart in your OIL-PLATED engine.

OIL-PLATING is exclusive with Conoco Germ Processed oil. The patent-guarded Germ Process forces this oil to "magnetize" on to the working parts in the form of implanted slippery OIL-PLATING. The parts that used to wear worst and make your oil "rub out" fastest, now possess this all-over, deep-seated OIL-PLATING. It can neither drain down while your engine is stopped, nor let loose in all the whirl of 4,000 revolutions a minute. Therefore OIL-PLATING, done only by Your Mileage Merchant, distinctly tells you why your Germ Processed oil and your car money won't do a "disappearing act."

Who Has the Right to Spend Your Money?

LIFE INSURANCE consists of TWO THINGS: WHAT YOU PAY AND WHAT YOU ARE PAID. If you pay more than justly need, someone else is spending YOUR MONEY. IF YOU FAIL TO GET what you have already paid for, someone else will SPEND YOUR MONEY.

In Buying Life Insurance You Should Consider:

(1) The amounts you pay, (2) the convenience for you to pay, and (3) the time it will take to get settlement when it is needed.

The Moment a Policy-Holder Dies.

THE BENEFICIARY IS DUE the INSURANCE MONEY. If the COMPANY and the MONEY are near, and they have a reputation for paying quickly, it makes the policy worth more to you, by virtue of you having CASH WHEN MOST NEEDED.

The Difference Between Our Rates and Others

IS YOUR MONEY. You make your payments to our Company at the F. & M. National Bank in Hamlin and save postage and money order fees, which is YOUR MONEY. When a DEATH occurs, you have someone telephone us COLLECT, and we pay quickly. The saving you make by having CASH QUICKLY, will also be YOUR MONEY.

You buy the necessities of life where your money buys most, so why not apply this business method to your insurance?

Call us or write us for rates, and ask ANY FUNERAL DIRECTOR WHO KNOWS, if we PAY our claims QUICKLY.

Your home can look only as well as the paint it wears! And there's no better looking dress of paint than Sherwin-Williams SWP nor one that protects so thoroughly, so lastingly. Yet SWP costs less to use. There's more real paint in every gallon, and that paint goes further on the job with less cost for labor to apply it! We have SWP in pure white and many handsome colors. A Real "Buy" at any price.

THE PAINTERS' PAINT

PITTSBURGH PAINTS are painters' paints—the finishes these deft craftsmen rely upon. They flow easily and evenly from the brush leaving a smooth, hard surface of long-lasting beauty. They offer more paint "mileage" for every brushful. The colors are anchored for permanence.
